

## YOU'RE NEVER TOO LITTLE TO LOVE LANGUAGE

Now there's Mango for even the youngest language enthusiasts! We've partnered with Little Pim to create an online language learning system for ages 0-6. It's the fun, easy and effective way for kids to learn a foreign language!

- Enhance your child's verbal development, reading, writing and social skills with content that is relevant to their daily lives.
- Kids love Little Pim, the animated panda who teaches each lesson. It's fun for the whole family.
- Just like the rest of the Mango system, it's accessible anywhere you get online, right through the library website!

Where will **you** Mango?<sup>™</sup>
